DISCLAIMER

This computer generated Certificate of Analysis is valid without a signature.

This certificate is provided for product identification and quality reference purposes only. It does not remove the purchaser's responsibility to carry out any testing, assessment, or verification required to confirm the product's suitability for its intended application. The purchaser remains responsible for ensuring that any product, mixture, formulation, or finished goods incorporating this material complies with all applicable laws, regulations, standards, and customer requirements in the relevant market. The values stated in this certificate reflect the product specification or analysis applicable at the time of issue, unless otherwise stated.
