Aldehyde C-14 Natural (Gamma Undecalactone)

Product Name: Aldehyde C-14 Natural (Gamma Undecalactone)
CAS Number: 104-67-6
EC Number: 203-225-4

IFRA Statement

We hereby certify that the above-mentioned material complies with the Standards of the International Fragrance Association (IFRA), 51st Amendment (published June 2023).

Based on the available supplier documentation and the current IFRA Standards, Aldehyde C-14 Natural (γ-Undecalactone), CAS No. 104-67-6, is not individually listed as an IFRA prohibited material, restricted material, or specified material under the IFRA 51st Amendment.

Accordingly, this raw material may be used up to the maximum concentration levels shown below, provided that the complete fragrance composition complies with all applicable IFRA Standards.

IFRA Class | Finished Product Types | Maximum Use Level (%)

IFRA Class	Finished Product Types	Maximum Use Level (%)
Class 1	Products applied to lips (lipstick, lip balm, children's toys)	100.00
