Certificate of Analysis

Document number	FW-COA-1062-01	**NZBN**	9429048697743
Version	1	**Date issued**	2026-05-12
Date reviewed	2026-05-12	**Valid from**	2028-05-12
Page	1 of 1		

Product identity

Product name: Benzoin Sumatra Resinoid 50% TEC

Frateworks SKU: 001062

CAS: 9000-05-9

Recommended use: For perfumery and cosmetic formulation use.

Restrictions: Not for food, pharmaceutical, therapeutic, or direct consumer use unless separately approved for that use.

Batch status

This document is a general product specification and typical certificate of analysis. It is not batch-specific unless a Fraterworks batch or lot number is stated.

Specification

Test / parameter	Specification	Result / typical	Method
APPEARANCE	—	Brown to orange thick liquid.	—
ODOR	—	Sweet, balsamic.	—
STABILITY	—	12 months in recommended storage conditions.	—
FLASH POINT (CLOSED CUP)	—	>100°C	—
REFRACTIVE INDEX	—	1.5261 (20°C)	—

This certificate is issued by Aromology based on supplier analytical documentation, Aromology receipt records, internal review, and product release checks. Values shown are typical or specification values and may vary between batches within accepted limits.

Safety and regulatory

Refer to the current SDS for hazard classification, handling, storage, first aid, transport, and disposal information.

This computer generated Certificate of Analysis is valid without a signature.

This certificate is provided for product identification and quality reference purposes only. It does not remove the purchaser’s responsibility to carry out any testing, assessment, or verification required to confirm the product’s suitability for its intended application. The purchaser remains responsible for ensuring that any product, mixture, formulation, or finished goods incorporating this material complies with all applicable laws, regulations, standards, and customer requirements in the relevant market. The values stated in this certificate reflect the product specification or analysis applicable at the time of issue, unless otherwise stated.
