Amberwood F

PRODUCT IDENTIFICATION

Parameter	Details
Product Name:	Amberwood F
Manufacturer:	Symrise AG
Manufacturer Code:	600113
Chemical Name:	(Ethoxymethoxy)cyclododecane
CAS Number:	58567-11-6
EC Number:	261-332-1
Product Type:	Synthetic Aroma Chemical
Document Date:	19 November 2026

ALLERGEN COMPOSITION

A product-specific allergen declaration published by Perfumer's Apprentice for Amberwood F (Symrise), reference AGN-6017, states:

“There are no allergens.”

The referenced declaration contains no individual allergen entries or concentration percentages.

Declaration Parameter	Reported Result
Individually declared fragrance allergens	None
Individual allergen percentages	No values reported
Total declared fragrance allergens	None reported
Confirmed analytical concentration of each allergen	Not supplied
Analytical detection limit	Not specified

EU COSMETIC ALLERGEN LABELLING THRESHOLDS

Under Regulation (EC) No. 1223/2009, as amended by Regulation (EU) 2023/1545:

Finished Product Type	Labelling Threshold
Leave-on cosmetics	Greater than 0.001%
Rinse-off cosmetics	Greater than 0.01%

SKIN SENSITISATION INFORMATION

AMBERWOOD® F is classified in the uploaded Symrise SDS as:

Skin Sensitisation, Category 1 — H317: May cause an allergic skin reaction.

This hazard classification is distinct from the requirement to individually declare substances listed as EU cosmetic fragrance allergens.

ALLERGEN DECLARATION

Based on the publicly available product-specific declaration issued by Perfumer's Apprentice, no individually declarable fragrance allergens are reported for Amberwood F (Symrise).

The supplier declaration does not provide measured concentrations or a detection limit. Accordingly, this document does not claim a laboratory-verified concentration of 0.000% for each allergen.

A current Symrise declaration should be obtained before representing the result as a manufacturer-certified assessment covering the full expanded EU allergen list.
