Category 7A	0.96
Category 7B	0.96
Category 8	0.16
Category 9	10.00

AROMOLOGY

Category 10A	5.00
Category 10B	5.00
Category 11A	10.00
Category 11B	10.00
Category 12	Not restricted

ADDITIONAL IFRA INFORMATION

The concentration of a fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product.

Due to the possibility of incidental oral ingestion from the use of the product in Categories 1 and 6, an approved flavor material status as defined by the IOFI Code of Practice is required.

Please note this certificate does not include this conformity check. A separate document is needed for such purpose.

RESTRICTED MATERIALS AND SPECIFICATIONS

The product does not contain any substance restricted by IFRA standards and bears no IFRA specification.

DECLARATION

The above restrictions have been derived by the manufacturer of the product through evaluation of the available toxicological information following the guidelines established by the Research Institute for Fragrance Materials (RIFM) and the International Fragrance Association (IFRA).

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this fragrance ingredient) by further testing if need be.

Please note this document does not guarantee the suitability of the material as an ingredient in fragrances in the EEA. Statements such as REACH conformity may be required for such purpose.
