MUGETANOL

PRODUCT IDENTIFICATION

Parameter	Details
Product Name	Mugetanol
Manufacturer	Symrise
Symrise Product No.	600092
Chemical Description	Muguet alcohol / substituted cyclohexyl ethanol
Chemical Name	1-(4-Isopropyl - Cyclohexyl) Ethanol
CAS Number	63767-86-2
Molecular Formula	C ₁₁ H ₂₂ O
Molecular Weight	170.29 g/mol
Chemical Class	Alcohol
Product Type	Synthetic Perfumery Aroma Chemical
Olfactive Family	Floral / Muguet

The CAS identity, trade name, chemical family and formula are consistently reported for Mugetanol.

ANALYTICAL SPECIFICATION

Because I could not retrieve a current public Symrise batch specification with exact assay/density/refractive-index limits, I would use the following as a supplier-style representative COA and fill exact numerical limits from your original Symrise batch COA where available.

Test	Representative Specification	Batch Result	Method
Appearance	Clear liquid	_____	Visual
Colour	Colourless to pale yellow	_____	Visual
Odour	Light floral, muguet, waxy	Conforms	Organoleptic

Test	Representative Specification	Batch Result	Method
Identification	Conforms to approved reference	_____	GC-MS / FTIR
Assay / GC Profile	Conforms to manufacturer specification	_____	GC-FID
Foreign Matter	Absent	_____	Visual
Water / Insoluble Matter	Within specification	_____	Internal Method
Chromatographic Profile	Conforms	_____	GC-FID

ORGANOLEPTIC PROFILE

Mugetanol is described as:

- Light floral
- Lily of the valley
- Muguet
- Waxy
- Soft
- Clean
- Floral diffusive

Symrise-related technical descriptions specifically characterize it as a light floral material reminiscent of muguet with waxy elements.

PERFUMERY APPLICATION

Suitable for:

- Muguet accords
- Lily-of-the-valley compositions
- Rose
- Floral bouquets
- Green florals
- Soap
- Shampoo
- Body lotion
- Deodorant
- Laundry fragrance
- Household fragrance

The material is reported to have good stability across body lotion, shampoo, soap and several functional-perfumery bases.

QUALITY DECLARATION

Subject to insertion of actual batch analytical values, the material represented by this certificate conforms to the representative identity and organoleptic profile for:

MUGETANOL – SYMRISE
PRODUCT NO. 600092
CAS 63767-86-2

DISCLAIMER

This is a supplier-style COA and is not the original Symrise batch Certificate of Analysis. Exact batch assay, density, refractive index and other numerical specification limits should be taken from the original Symrise batch COA or validated internal testing.
