

CERTIFICATE OF ANALYSIS (COA)

Product Information

Product Name: Ethyl Linalyl Acetate
Chemical Name: Ethyl Linalyl Acetate
CAS Number: 61931-80-4
EC Number: 263-336-9
Molecular Formula: C₁₄H₂₆ O₂
Molecular Weight: 226.36 g/mol
Manufacturer: Aromology
Supplier: Aromology Trading LLC
Origin: France

Batch No.: ELA2606245
Manufacturing Date: 18 March 2026
Retest Date: 18 March 2028
Issue Date: 22 June 2026

Analytical Results

Test Parameter	Specification	Result
Appearance	Clear, colourless liquid	Complies
Colour	Colourless	Complies
Odour	Fresh, citrus, bergamot, floral, lavender	Complies
Identification (GC)	Conforms to Reference Standard	Complies
Assay (GC)	≥98.0%	99.3%
Specific Gravity @20°C	0.890 – 0.910	0.899
Refractive Index @20°C	1.448 – 1.456	1.452
Acid Value	≤1.0 mg KOH/g	0.07 mg KOH/g
Moisture (Karl Fischer)	≤0.20%	0.02%

Storage

Store in tightly closed original containers in a cool, dry and well-ventilated area away from heat, direct sunlight and ignition sources.

Shelf Life

24 months from the manufacturing date when stored under recommended storage conditions.

Conclusion

This batch of Ethyl Linalyl Acetate complies with the established quality specifications and is suitable for use as a fragrance ingredient.
