Farnesol	Trace May be Naturally Present
Hydroxycitronellal	Not Present

Statement

- No EU fragrance allergens have been intentionally added.
- All listed allergens occur naturally within the botanical extract.
- Due to the naturally high cinnamaldehyde content, this material should be used in accordance with IFRA recommendations and applicable cosmetic regulations.
- Quantitative allergen concentrations should be confirmed by batch-specific GC-MS analysis where regulatory disclosure is required.
- The manufacturer of the finished cosmetic product remains responsible for allergen declaration and compliance with Regulation (EU) 2023/1545.
