Pinene	Naturally Present
Beta-Caryophyllene	May be Naturally Present

Regulatory Statement

- No fragrance allergens have been intentionally added to this material.
- The statuses above are indicative and do not represent certified quantitative concentrations.
- A batch-specific GC-MS or supplier allergen analysis is required to establish exact allergen percentages.
- Fragrance allergens must be declared in the finished cosmetic product when their concentrations exceed the applicable regulatory thresholds.
- The finished-product manufacturer remains responsible for calculating allergen levels and ensuring correct ingredient labelling.

EU Cosmetic Labelling Thresholds

Product Type	Declaration Threshold in Finished Product
Leave-on cosmetic products	Greater than 0.001%
Rinse-off cosmetic products	Greater than 0.01%
