PRODUCT INFORMATION

Parameter	Details
Product Name	Fruit Sec
Manufacturer	Synarome
Product Type	Aroma Chemical / Specialty Fragrance Ingredient
CAS Number	Proprietary Mixture
EC Number	Proprietary Mixture

DECLARATION

Dry Fruit Sensation - Fruit Sec (Synarome) is a proprietary specialty aroma ingredient manufactured under controlled industrial conditions. As the exact formulation is confidential, this declaration is based on the manufacturer's regulatory information and available compositional data.

Where present, declarable fragrance allergens occur only as intentionally incorporated components or trace impurities. Quantitative concentrations should be confirmed using the manufacturer's batch-specific regulatory documentation where required for cosmetic compliance.

STATEMENT

- This material is a proprietary fragrance ingredient supplied by Synarome.
- The presence and concentration of individual fragrance allergens may vary depending on the manufacturing batch.
- Batch-specific allergen content should be verified against the manufacturer's latest regulatory documentation or GC-MS analysis where quantitative disclosure is required.
- The manufacturer of the finished cosmetic product remains responsible for determining allergen declaration requirements and ensuring compliance with Regulation (EU) 2023/1545 and all applicable cosmetic legislation.
