- Evernia Prunastri Extract
- Evernia Furfuracea Extract

Representative Quantitative Declaration

EU Declarable Fragrance Allergen

Individually declared Annex III allergens

Representative Content

Not intentionally present

Batch-specific impurity levels, if any, should be confirmed using the original IFF quantitative allergen declaration.

Cosmetic Labelling Thresholds

Product Type

Leave-on Products

Rinse-off Products

Declaration Threshold

0.001%

0.010%

If future batch-specific documentation identifies any Annex III allergen impurities, the cumulative concentration in the finished cosmetic must be calculated against these thresholds.

Declaration

Based on the currently available manufacturer information and the official EU allergen list, Fleuranil® – IFF is not an individually declarable EU fragrance allergen. Final cosmetic labelling remains the responsibility of the cosmetic manufacturer or EU Responsible Person after reviewing the batch-specific quantitative allergen declaration and the complete fragrance composition.

Disclaimer

This declaration is a representative supplier-style document and is not the original IFF quantitative allergen declaration. The current original IFF allergen statement and batch documentation shall prevail where differences exist.
