PRODUCT INFORMATION

Item	Details
Product Name	Hinoki Leaf Oil
Botanical Name	<i>Chamaecyparis obtusa</i>
INCI Name	Chamaecyparis Obtusa Leaf Oil
CAS Number	91745-97-0
EC Number	294-758-6
Product Type	Essential Oil
Issue Date	18 July 2026

REGULATORY BASIS

Prepared with reference to:

- Regulation (EC) No. 1223/2009.
- Commission Regulation (EU) 2023/1545 concerning fragrance allergen labelling.

DECLARATION

Hinoki Leaf Oil is a natural essential oil whose composition varies according to origin, harvest and distillation conditions. Naturally occurring fragrance allergens may therefore vary between production batches.

Trace or batch dependent

Trace or batch dependent

Trace or batch dependent

Batch dependent

Hinoki Leaf Oil is rich in monoterpenes and may naturally contain trace quantities of EU-regulated fragrance allergens. The actual concentrations should always be confirmed by batch-specific GC analysis or the original manufacturer's allergen declaration.

OXIDATION

Monoterpene-rich essential oils may oxidise during storage, increasing allergenic potential. Store in tightly closed containers away from air, light and heat. Use antioxidants where appropriate and observe recommended shelf-life conditions.

CONCLUSION

Batch-specific analytical data should always be used when preparing EU cosmetic fragrance allergen declarations. The finished-product manufacturer remains responsible for compliance with Regulation (EU) 2023/1545.
