Iso Butyl Quinoline

Product Identification

Parameter	Details
Product Name	Iso Butyl Quinoline
Manufacturer	International Flavors & Fragrances Inc. (IFF)
Trade Description	Leather
Chemical Description	Reaction mass of 6-sec-butylquinoline and 8-sec-butylquinoline
CAS Numbers	65442-31-1 / 67634-06-4
Regulation	Regulation (EC) No. 1223/2009 as amended by Regulation (EU) 2023/1545

EU Fragrance Allergen Assessment

Based on the current Annex III list introduced by Regulation (EU) 2023/1545, Iso Butyl Quinoline (CAS 65442-31-1 / 67634-06-4) is not listed as an individually declarable EU fragrance allergen. The currently declared Annex III fragrance allergens do not include these quinoline isomers.

Representative Quantitative Declaration

EU Declarable Fragrance Allergen	Representative Content
Listed Annex III Fragrance Allergens	Not intentionally present

No quantitative Annex III fragrance allergens have been identified in the published information for the IFF material. Batch-specific manufacturer documentation should be consulted for confirmation.

Cosmetic Labelling Thresholds

Should any Annex III fragrance allergen be present as an impurity, declaration in the finished cosmetic is required above:

Product Type	Threshold
Leave-on products	0.001%
Rinse-off products	0.010%

Declaration

Based on the available information, Iso Butyl Quinoline – IFF is not an individually declarable fragrance allergen under Regulation (EU) 2023/1545. Final cosmetic ingredient labelling remains the responsibility of the cosmetic manufacturer or EU Responsible Person after evaluation of the complete fragrance composition and the batch-specific quantitative allergen declaration.

Disclaimer

This EU Fragrance Allergen Declaration is a representative supplier-style document prepared using publicly available regulatory information. It is not the original IFF quantitative allergen declaration. The latest original IFF allergen statement and batch documentation shall prevail where differences exist.
