PRODUCT INFORMATION

Item	Details
Product Name	Jasmine Base
Product Code	184065 D
Manufacturer	DSM-Firmenich
Product Type	Proprietary Synthetic Fragrance Base

REGULATORY BASIS

Prepared with reference to:

- Regulation (EC) No. 1223/2009 on Cosmetic Products.
- Commission Regulation (EU) 2023/1545 relating to fragrance allergen labelling.

DECLARATION

Jasmine Base 184065 D is a proprietary fragrance specialty developed by DSM-Firmenich. It is a synthetic jasmine reconstruction created from a balanced association of fragrance ingredients, including proprietary captive materials. The detailed composition is confidential and is not publicly disclosed.

Consequently, the precise concentrations of EU-regulated fragrance allergens can only be determined from the official batch-specific regulatory documentation issued by DSM-Firmenich.

EU FRAGRANCE ALLERGEN STATUS

Parameter	Status
Complete formulation publicly available	No
Official EU Allergen Declaration	Available from DSM-Firmenich for each production batch
Cosmetic labelling	Must be based on the manufacturer's batch-specific declaration
Regulatory compliance	Determined from the official supplier documentation

IMPORTANT REGULATORY NOTE

Because Jasmine Base 184065 D is a proprietary composition:

- Individual EU-regulated fragrance allergens cannot be accurately declared without the official DSM-Firmenich regulatory documentation.
 - Cosmetic ingredient labelling should always rely on the batch-specific EU Allergen Declaration supplied by DSM-Firmenich.
 - Estimated or inferred allergen concentrations should not be used for regulatory purposes.
-

CONCLUSION

The EU fragrance allergen profile of Jasmine Base (DSM-Firmenich, Product Code 184065 D) is batch dependent and must be taken from the official DSM-Firmenich Allergen Declaration accompanying the supplied lot. This declaration should be used when preparing cosmetic labels in accordance with Regulation (EU) 2023/1545.
