Regulatory Statement

To the best of our knowledge, Ethyl Maltol (CAS 4940-11-8) is not included in the list of declarable fragrance allergens specified in Annex III of Regulation (EC) No. 1223/2009, as amended by Commission Regulation (EU) 2023/1545.

Manufacturers of finished cosmetic products remain responsible for assessing the complete formulation and determining whether any declarable fragrance allergens are present above the applicable labelling thresholds in the finished product.

The current EU cosmetic labelling thresholds are:

Leave-on cosmetic products: 0.001% (10 ppm)

Rinse-off cosmetic products: 0.01% (100 ppm)

Disclaimer

This declaration is prepared from information supplied by the manufacturer together with currently available technical and regulatory data. It is issued in good faith to assist customers in meeting their regulatory obligations and applies solely to the raw material identified above. It does not replace the responsibility of the finished product manufacturer to ensure compliance with all applicable legislation.
