Regulatory Statement

Geranyl Acetate (CAS 105-87-3) is a fragrance allergen listed in Annex III of Regulation (EC) No. 1223/2009, as amended by Commission Regulation (EU) 2023/1545. When present in a finished cosmetic product above the applicable regulatory thresholds, it must be declared on the product label in accordance with EU cosmetic legislation.

Current EU cosmetic labelling thresholds are:

Leave-on cosmetic products: 0.001% (10 ppm)

Rinse-off cosmetic products: 0.01% (100 ppm)

Manufacturers of finished cosmetic products remain responsible for evaluating the complete formulation and determining whether declaration on the finished product label is required.

Disclaimer

This declaration is based on information supplied by the manufacturer together with currently available technical and regulatory data. It applies solely to the raw material identified above and is intended to assist customers in meeting their regulatory obligations. It does not replace the responsibility of the manufacturer of the finished cosmetic product to ensure compliance with all applicable legislation.
