Declaration

Based upon currently available supplier information and published references, no fragrance allergens listed under Regulation (EU) 2023/1545 have been intentionally added to this product.

As this material is a natural botanical extract, naturally occurring fragrance allergens may be present in trace amounts that vary from batch to batch. No comprehensive analytical allergen profile is presently available for this raw material. Therefore, individual allergen concentrations cannot be declared without batch-specific analytical testing (e.g., GC-MS).

Current Declaration

EU Fragrance Allergens	Status
Intentionally Added Allergens	None
Known Declared Allergens	None identified from available data
Natural Trace Constituents	May occur naturally; batch dependent

This declaration is based on information available at the date of issue and should be reviewed if new analytical or regulatory information becomes available.
