

EU ALLERGEN DECLARATION CERTIFICATE

In accordance with Regulation (EC) No. 1223/2009 (as amended) – Annex III (EU Cosmetic Regulation)

Product Information

Parameter	Details
Product Name	Vanilla Absolute Extra – 20 Fold
Botanical Name	<i>Vanilla planifolia</i> Andrews
INCI Name	Vanilla Planifolia Fruit Extract
CAS Number	8024-04-6
EC Number	232-521-5

Declaration

Vanilla Absolute Extra – 20 Fold is a natural botanical extract obtained from cured vanilla pods. As with all natural extracts, the chemical composition varies according to origin, harvest, curing process and extraction conditions. Quantitative declaration of fragrance allergens requires batch-specific GC-MS analysis.

Based on currently available compositional data, the following fragrance allergens may naturally occur:

Typical EU Fragrance Allergen Status

EU Fragrance Allergen	Status
Eugenol	May be naturally present
Benzyl Alcohol	May be naturally present (trace)
Anisyl Alcohol	May be naturally present
Linalool	May be present (trace)
Limonene	May be present (trace)
Coumarin	Not typically present
Citral	Not typically present
Geraniol	Not typically present
Farnesol	Not typically present
Benzyl Benzoate	Not typically present

Statement

No fragrance allergens have been intentionally added to this product.

The presence and concentration of naturally occurring fragrance allergens are batch dependent and can only be confirmed by batch-specific GC-MS analysis. The manufacturer of the finished cosmetic product is responsible for determining allergen labelling requirements in accordance with Regulation (EU) 2023/1545 based on the concentration present in the finished product.

This declaration is based on currently available supplier information, published compositional data and current European cosmetic regulations and should be reviewed if new analytical or regulatory information becomes available.
