Declaration

Based on the formulation information available from the manufacturer and our technical assessment, Ethylene Brassylate does not intentionally contain any fragrance allergens listed in Annex III of Regulation (EC) No. 1223/2009, as amended by Commission Regulation (EU) 2023/1545, as individual constituents requiring declaration.

Declarable EU Fragrance Allergens

None intentionally present.

Statement

To the best of our knowledge, Ethylene Brassylate is not itself listed as a declarable EU fragrance allergen under Annex III of Regulation (EC) No. 1223/2009, as amended by Commission Regulation (EU) 2023/1545.

Manufacturers of finished cosmetic products remain responsible for evaluating the complete formulation and determining whether any declarable fragrance allergens are present above the applicable labelling thresholds in the finished product.

Current EU declaration thresholds are:

Leave-on cosmetic products: 0.001% (10 ppm)

Rinse-off cosmetic products: 0.01% (100 ppm)

Disclaimer

This declaration is prepared from information supplied by the manufacturer together with currently available technical and regulatory data. It is intended solely to assist customers in meeting their regulatory obligations and does not replace the customer's responsibility to verify compliance of the finished cosmetic product.
