- Detection limit: 0.001%

(Values indicated under the quantification limit are provided for information only.)

DECLARATIONS

- This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s) described in each Standard.
- This certificate does not provide certification of a comprehensive safety assessment of all product constituents.
- The information contained in this certificate is generated by calculation to the best of our knowledge, based on supplier data and analytical techniques.
- It is the ultimate responsibility of the manufacturer of the finished product to ensure safety and regulatory compliance by further testing if required.
- This document is electronically generated and therefore valid without signature.
