IFRA CONFORMITY CERTIFICATE

Sant Just Desvern, 3 November 2026

Product: BASE DE SCHIFF LILIAL/ANTRANILATO DE METILO EXTRA

Customer: AROMOLOGY TRADING LLC

We certify that the above-mentioned product is in compliance with the Standards of the International Fragrance Associaton (IFRA) up to and including the 51st Amendment to the IFRA Standards (published June 2023), provided it is used in the following categories at a maximum concentration level of:

Category	Level of use	Category	Level of use
Category 1	0%	Category 7A	0,06%
Category 2	0,14%	Category 7B	0,06%
Category 3	0,06%	Category 8	0,03%
Category 4	2,2%	Category 9	0,16%
Category 5A	0,09%	Category 10A	0,16%
Category 5B	0,08%	Category 10B	0,99%
Category 5C	0,08%	Category 11A	0,03%
Category 5D	0,03%	Category 11B	0,03%
Category 6	0%	Category 12	25,12%

The concentration of a fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product.

Due to the possibility of incidental oral ingestion from the use of the product in categories 1 and 6, an approved flavor material status as defined by the IOFI Code of Practice is required. Please note this certificate does not include this conformity check. A separate document is needed for such purpose.

It contains the following substances restricted by IFRA standards:

p-tert-BUTYL-ALPHA-METHYLHYDROCINNAMIC ALDEHYDE (p-BMHCA) < 7 %
LILIAL (BMHCA) (INCLUDING CONTRIBUTION FROM SCHIFF BASES) < 63,7 %
METHYL N-METHYLANTHRANILATE < 0,1 %

and complies with the latest IFRA specification.

Note: for the calculation of the total amount of LILIAL, a 100% rate of hydrolisis of the schiff base in the finished product is considered.

Note: Methyl N-methylanthranilate has been identified for having the potential of forming nitrosamines in nitrosating systems. Adequate protective measures may be considered.

This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s) described in each Standard. It does not provide certification of a comprehensive safety assessment of all product constituents.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this fragrance ingredient) by further testing if need be.

Please note this document does not guarantee the suitability of the material as an ingredient in fragances in the EEA. Statements such as REACH conformity may be required for such purpose.
