#### IFRA STATEMENT

This certificate provides information regarding the compliance of the above-mentioned fragrance ingredient with the International Fragrance Association (IFRA) Standards – 51<sup>st</sup> Amendment.

Ambrox DL is a synthetic ambergris odorant (ambroxide) widely used as a fragrance ingredient and fixative in fine fragrance, personal care and home fragrance applications.

Based on the current IFRA Standards (51<sup>st</sup> Amendment), Ambrox DL is not subject to an individual IFRA Standard or specific quantitative restriction. It may therefore be used in fragrance compounds subject to Good Manufacturing Practice (GMP) and provided that the finished fragrance complies with all applicable IFRA Standards.

\*The finished fragrance compound must comply with all applicable IFRA Standards, including any restrictions applicable to other ingredients present in the formulation.

---

## DECLARATION

To the best of our knowledge and based upon the available manufacturer and regulatory information, Ambrox DL complies with the requirements of the IFRA Standards (51st Amendment).

This material is not individually restricted under the IFRA Code of Practice. Compliance of the finished consumer product remains the responsibility of the fragrance manufacturer and must be assessed according to the intended IFRA Product Category and the complete fragrance composition.

---

## REGULATORY NOTE

This certificate applies only to the raw material identified above.

It does not replace the IFRA Certificate for the finished fragrance compound, which must be prepared after evaluation of all fragrance ingredients and the intended end-use category.
