IFRA Statement

Honey Signature is a proprietary fragrance compound manufactured by Ernesto Ventós S.A. and is intended for use as a fragrance raw material.

This product has been evaluated with reference to the International Fragrance Association (IFRA) Standards – 51st Amendment.

As Honey Signature is a proprietary fragrance mixture containing multiple aroma ingredients, compliance with the IFRA Standards depends upon the concentration of individual IFRA-restricted constituents present in the finished fragrance and the intended end-use category.

The supplier SDS identifies Honey Signature as a mixture of aromatic substances containing components such as Piperonal, Linalyl Acetate, Damascenones and other fragrance materials.

Accordingly, the finished fragrance manufacturer is responsible for ensuring compliance with the applicable IFRA Standards for the intended product category.

Declaration

This certificate has been prepared in accordance with the IFRA Standards – 51st Amendment using the available technical information for the identified raw material.

Honey Signature is supplied as a proprietary fragrance compound. The complete formulation is confidential and remains the intellectual property of the manufacturer. Therefore, this certificate does not assign universal maximum use levels but confirms that compliance with IFRA requirements must be assessed based on the concentration of the proprietary fragrance in the finished product and the intended IFRA category.

This document applies solely to the raw material identified above and does not constitute an IFRA Certificate of Conformity for a finished fragrance compound or consumer product.

Storage

Store in tightly closed original containers in a cool, dry and well-ventilated area.
