Additional Notes

- Givaudan recommends a normal use level of trace amounts up to approximately 1% in fragrance concentrates for optimal olfactory performance. This is a performance recommendation, not an IFRA restriction.
 - "Not Limited" indicates that no ingredient-specific concentration limit applies for that IFRA category under the current IFRA 51 Standard. The finished fragrance must nevertheless comply with all applicable IFRA Standards for the complete formulation.
-

Declaration

Anther™ (CAS 56011-02-0) complies with the IFRA Standards (51st Amendment) when used within the conditions outlined above.

The final responsibility for IFRA compliance rests with the fragrance manufacturer after assessment of the complete fragrance formulation, all restricted constituents, and the intended finished-product category.
