| Product Name   | Carrot Seed Essential Oil     |
| Botanical Name | <i>Daucus carota</i> L.       |
| INCI Name      | Daucus Carota Sativa Seed Oil |
| CAS Number     | 8015-88-1                     |
| EC Number      | 284-545-1                     |
| Product Type   | Natural Essential Oil         |

### Declaration

We hereby certify that Carrot Seed Essential Oil conforms to the principles of the International Fragrance Association (IFRA) Code of Practice – 51<sup>st</sup> Amendment.

Carrot Seed Essential Oil is not specifically prohibited or concentration restricted under the IFRA 51<sup>st</sup> Amendment. It may be used according to Good Manufacturing Practice (GMP). Naturally occurring constituents such as limonene,  $\alpha$ -pinene, geranyl acetate and other terpenes should be considered when evaluating compliance of the finished fragrance.

### IFRA Recommendation

| IFRA Category   | Maximum Use Level                                                                                                                                                                |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Categories 1–12 | No specific restriction. Use according to Good Manufacturing Practice (GMP). Finished fragrance must comply with applicable IFRA Standards for naturally occurring constituents. |

### Important Note

This certificate applies solely to the raw material supplied by Aromology Trading LLC. Compliance of the finished fragrance remains the responsibility of the manufacturer.
