### PRODUCT INFORMATION

| Parameter     | Details                     |
|---------------|-----------------------------|
| Product Name  | Citronellyl Acetate Natural |
| Chemical Name | Citronellyl Acetate         |
| CAS Number    | 150-84-5                    |
| EC Number     | 205-775-0                   |
| Product Type  | Natural Aroma Isolate       |

### Declaration

We hereby certify that Citronellyl Acetate Natural has been reviewed with reference to the International Fragrance Association (IFRA) Code of Practice and IFRA Standards (51<sup>st</sup> Amendment).

Citronellyl Acetate is not specifically restricted under the IFRA 51<sup>st</sup> Amendment. It may be used according to Good Manufacturing Practice (GMP). However, naturally occurring trace constituents originating from the botanical source should be considered when assessing compliance of the finished fragrance.

### IFRA Recommendation

| IFRA Product Categories | Recommendation                                                                                                                                           |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Categories 1–12         | No material-specific restriction. Use according to Good Manufacturing Practice (GMP). Finished fragrance must comply with all applicable IFRA Standards. |

A R O M O L O G Y

### **Important Note**

- This certificate applies only to the raw material supplied by Aromology Trading LLC.
- Compliance of the finished fragrance remains the responsibility of the manufacturer after evaluation of the complete formulation.
