Cuir de Russie

Product Identification

Item	Details
Product Name	Cuir de Russie
Manufacturer	Synarome
Manufacturer Reference	601660
Product Type	Proprietary Fragrance Base / Specialty
Chemical Nature	Complex mixture of fragrance ingredients
CAS Number	Not Applicable – Proprietary Mixture
INCI Name	Parfum
Physical Form	Liquid
Odour Family	Leather
Odour Profile	Powerful classical leather, smoky, woody, ambery, floral
Character	Birch, cedarwood, vetiver, orange blossom and animalic leather

Synarome's distributor documentation describes Cuir de Russie as a strong classical leather specialty with aldehydic top notes, an orange-blossom heart, and intense woody/ambery undertones based around birch, cedarwood and vetiver.

IFRA Documentation Status

A manufacturer-issued Synarome IFRA certificate is publicly available for:

CUIR DE RUSSIE – Ref. 601660

but the publicly available certificate is issued under the:

IFRA 50th Amendment – October 2021

A publicly accessible Synarome-issued IFRA 51 certificate for Ref. 601660 was not located at the date of preparation of this declaration.

AROM O L O G Y

Accordingly, this document does not convert the older manufacturer limits into purported IFRA 51 limits.

For formal IFRA 51 certification, the current certificate should be requested directly from Synarome.

Last Publicly Available Manufacturer IFRA Limits

For reference only, Synarome's manufacturer-issued IFRA 50 certificate gives the following maximum concentrations in the finished consumer product:

IFRA Category	Synarome IFRA 50 Maximum
Category 1	N.A.
Category 2	1.439%
Category 3	15.625%
Category 4	15.625%
Category 5A	6.835%
Category 5B	6.835%
Category 5C	6.835%
Category 5D	6.835%
Category 6	N.A.
Category 7A	15.625%
Category 7B	15.625%
Category 8	2.878%
Category 9	15.625%
Category 10A	15.625%
Category 10B	15.625%
Category 11A	15.625%
Category 11B	15.625%
Category 12	20.000%

Important

These values are quoted from the Synarome IFRA 50 certificate and are reproduced for regulatory history only.

They must not automatically be represented as IFRA 51 limits without confirmation from Synarome.

IFRA-Restricted Constituents

The Synarome manufacturer certificate identifies a number of IFRA-relevant constituents within the proprietary composition. Published entries include, among others:

Restricted / Relevant Substance	CAS Number	Quantity in Cuir de Russie
---------------------------------	------------	----------------------------

AROM OLOGY

2-Nonyl-1-al dimethyl acetal	13257-44-8	0.0667%
Acetylated Vetiver Oil	Multiple CAS	0.0115%
Benzyl Alcohol	100-51-6	0.0023%
Benzyl Benzoate	120-51-4	0.3908%
Benzyl Cinnamate	103-41-3	0.0584%
Bergamot Oil Expressed	8007-75-8 / 89957-91-5	0.0223%
Carvone	Multiple CAS	0.0001%

The complete current restricted-substance calculation must be taken from the latest Synarome IFRA documentation.

IFRA 51 Compliance Procedure

For a finished fragrance containing Cuir de Russie, the responsible formulator should:

1. Obtain the current Synarome IFRA 51 Certificate for Ref. 601660.
2. Verify that the supplied material matches Ref. 601660.
3. Identify the finished-product IFRA category.
4. Determine the percentage of Cuir de Russie in the fragrance concentrate.
5. Determine the fragrance dosage in the finished consumer product.
6. Calculate all restricted substances contributed by Cuir de Russie.
7. Add contributions from all other fragrance ingredients.
8. Apply the lowest relevant IFRA restriction.
9. Complete the finished-product safety assessment.
10. Retain the manufacturer's current regulatory documentation.

Declaration

Cuir de Russie – Synarome, Ref. 601660, is a proprietary fragrance base.

The latest publicly available original Synarome certificate identified during preparation is an IFRA 50 certificate dated October 2021.

Therefore:

- No unsupported IFRA 51 numerical category table is issued in this document.
- The historical IFRA 50 limits are reproduced separately for reference.
- Formal IFRA 51 certification requires the current Synarome certificate.
- Final compliance must always be based on the complete fragrance formula and intended finished-product category.

This document is a supplier regulatory declaration and does not replace the original Synarome IFRA Certificate.
