Product Name	Farnesol Natural
Chemical Name	3,7,11-Trimethyl-2,6,10-dodecatrien-1-ol
INCI Name	Farnesol
CAS Number	4602-84-0
EC Number	225-004-1
Product Type	Natural Aroma Chemical

Declaration

We hereby certify that Farnesol Natural – Lilly Green has been evaluated with reference to the International Fragrance Association (IFRA) Code of Practice and IFRA Standards (51st Amendment).

Farnesol is a restricted fragrance ingredient under the IFRA Standards due to its skin sensitisation potential. The material must comply with the purity specification of not less than 96% Farnesol isomers (GLC), and the finished fragrance must not exceed the maximum concentrations specified for each IFRA product category.

IFRA Recommendation

Farnesol is subject to category-specific maximum use levels in the finished consumer product. Users should refer to the current IFRA 51st Amendment Standard for Farnesol when formulating fragrances, as permitted concentrations vary by IFRA category.

Important Note

- This certificate applies solely to the raw material supplied by Aromology Trading LLC.
- Compliance of the finished fragrance depends on the total concentration of Farnesol from all ingredients present in the formulation.

A R O M O L O G Y

- The finished fragrance manufacturer remains responsible for ensuring compliance with the current IFRA Standards.
