PRODUCT INFORMATION

Parameter	Details
Product Name	Farnesol Special
Chemical Name	(2E,6E)-3,7,11-Trimethyldodeca-2,6,10-trien-1-ol
INCI Name	Farnesol
CAS Number	4602-84-0
EC Number	225-004-1
Product Type	Aroma Chemical

Declaration

We hereby certify that Farnesol Special (Symrise) has been evaluated with reference to the International Fragrance Association (IFRA) Code of Practice and IFRA Standards (51st Amendment).

Farnesol is an IFRA-restricted fragrance ingredient due to its skin sensitisation potential. The raw material should contain a minimum of 96% Farnesol isomers (GC), and the concentration in the finished consumer product must not exceed the maximum limits established for the relevant IFRA product category.

IFRA Recommendation

Use only in compliance with the current IFRA 51st Amendment limits for Farnesol. Maximum permitted concentrations vary according to the intended IFRA product category; therefore compliance must be assessed on the finished fragrance formulation.

A R O M O L O G Y

Important Note

- This certificate applies solely to the raw material supplied by Aromology Trading LLC.
- Compliance of the finished fragrance depends on the total Farnesol concentration contributed by all raw materials.
- The finished fragrance manufacturer remains responsible for ensuring compliance with the current IFRA Standards.
