Declaration

We hereby certify that Flouve Absolute in 20% TEC has been evaluated with reference to the International Fragrance Association (IFRA) Code of Practice and the IFRA Standards (51st Amendment).

Flouve Absolute is a Natural Complex Substance (NCS). This product contains 20% natural Flouve Absolute diluted in 80% Triethyl Citrate (TEC). The principal naturally occurring constituent of Flouve Absolute is Coumarin, together with other naturally occurring aromatic compounds. Compliance with the IFRA Standards depends on the concentration of naturally occurring restricted constituents, particularly Coumarin, in the finished fragrance formulation.

IFRA Recommendation

IFRA Categories	Recommendation
Categories 1–12	Use in accordance with Good Manufacturing Practice (GMP). Finished fragrance compliance shall be determined from the total Coumarin concentration contributed by all ingredients.
