The source certificate reports “Not restricted” throughout the IFRA category table, including Categories 1–12.

CATEGORY 4 – FINE FRAGRANCE

MAXIMUM USE LEVEL: NOT RESTRICTED

Under the supplied IFRA 51 Certificate, Fraistone is not subject to an IFRA maximum concentration restriction for Category 4.

Category 4 covers fine-fragrance applications such as:

Parfum • Extrait de Parfum • Eau de Parfum • Eau de Toilette • Cologne • Other Fine-Fragrance Applications

IFRA STATUS: NOT RESTRICTED

This means that the certificate does not impose a specific IFRA percentage limit for Fraistone in Category 4. It should not be interpreted as an automatic recommendation to formulate at 100%; the appropriate concentration remains dependent on the intended product, formulation and safety assessment.

IFRA RESTRICTED SUBSTANCES

NONE

The supplied certificate specifically states:

Contains no substances restricted by IFRA Standards and bears no IFRA specification.

A R O M O L O G Y

Accordingly, no product-specific quantitative restriction arising from an IFRA-restricted constituent is stated in the certificate.

CATEGORY 6 / ORAL EXPOSURE

The IFRA certificate reports:

Category 6: NOT RESTRICTED

However, the certificate specifically notes that materials intended to impart perfume or flavour to products for human ingestion should consist of ingredients complying with the applicable food and flavouring regulations in the countries where the products will be distributed.

The certificate does not include a food-status conformity assessment, and a separate document is required where such confirmation is necessary.

DECLARATION

We hereby declare that:

FRAISTONE

CAS Number: 6290-17-1

EC Number: 228-536-2

is in compliance with the International Fragrance Association (IFRA) Standards up to and including the 51st Amendment.

Based on the supplied product-specific IFRA certificate:

ALL IFRA 51 CATEGORIES 1–12: NOT RESTRICTED

The material is reported as containing no substances restricted by IFRA Standards and bearing no IFRA specification.

This certificate provides information relating to restrictions established under the IFRA Standards. It does not constitute a comprehensive safety assessment of all constituents or guarantee suitability under every applicable regulatory regime.
