Declaration

We hereby certify that Frangipani Absolute has been evaluated with reference to the International Fragrance Association (IFRA) Code of Practice and the IFRA Standards (51st Amendment).

Frangipani Absolute is a Natural Complex Substance (NCS) obtained by solvent extraction of the flowers of *Plumeria alba*. As a natural extract, it contains naturally occurring fragrance constituents including benzyl salicylate, benzyl benzoate, linalool, geraniol, farnesol, nerolidol and trace indole, the concentrations of which vary naturally between harvests and production batches.

Compliance with the IFRA Standards depends upon the concentration of naturally occurring restricted constituents and their total contribution in the finished fragrance formulation.

IFRA Recommendation

IFRA Categories	Recommendation
