Declaration

We hereby certify that Frankincense Absolute has been evaluated with reference to the International Fragrance Association (IFRA) Code of Practice and the IFRA Standards (51st Amendment).

Frankincense Absolute is a Natural Complex Substance (NCS) obtained by solvent extraction of the oleo-gum resin of *Boswellia carterii*. It naturally contains constituents including α -pinene, β -pinene, limonene, sabinene, β -caryophyllene, incensole and incensole acetate, the proportions of which vary according to origin, harvest and extraction process.

Compliance with the IFRA Standards depends upon the concentration of naturally occurring restricted constituents and their total contribution in the finished fragrance formulation.
