DECLARATION

Geranium Essential Oil has been reviewed with reference to the IFRA Standards published under the 51st Amendment.

No universal maximum-use level is assigned to the complete natural oil in this summary certificate. The permitted concentration must be calculated using:

- The actual batch GC–MS composition.
- The intended IFRA finished-product category.
- Applicable limits for naturally occurring restricted constituents.
- Contributions from all other fragrance materials in the formulation.
- The concentration of the fragrance compound in the finished product.
