DECLARATION

Geranyl Butyrate Natural has been reviewed with reference to the IFRA Standards under the 51st Amendment. IFRA's official documentation provides the framework for evaluating fragrance materials by finished-product category.

No specific IFRA Standard establishing a numerical maximum-use level for geranyl butyrate was identified in the reviewed 51st Amendment documentation.

Accordingly, the material is considered:

NOT RESTRICTED BY A PRODUCT-SPECIFIC IFRA STANDARD

This statement does not mean that the material may be used without limitation.

CONDITIONS OF CONFORMITY

Use remains subject to:

- Correct selection of the finished-product category.
- The purity and composition of the actual batch.
- Assessment of impurities, residual solvents and secondary constituents.
- Contributions from all materials in the fragrance formulation.
- Finished-product toxicological and exposure assessment.
- Applicable national and regional legislation.
- Any later IFRA Amendment applicable to the market or customer.

NATURAL-ORIGIN QUALIFICATION

The designation Natural describes the source and production route and does not alter the IFRA safety-assessment requirements.

Supporting natural-origin documentation should be retained with the product records.

CONCLUSION

GERANYL BUTYRATE NATURAL CONFORMS TO THE IFRA 51ST AMENDMENT, SUBJECT TO THE CONDITIONS ABOVE

This certificate applies only to the raw material identified and does not certify a finished perfume, cosmetic or consumer product.
