DECLARATION

Ginger Essential Oil – Ivory Coast has been reviewed with reference to the IFRA Standards issued under the 51st Amendment.

The complete natural essential oil is not assigned a single universal maximum-use concentration in this certificate.

The permissible concentration in a fragrance compound or finished product must be determined from:

- The actual batch GC–MS composition.
- The intended IFRA finished-product category.
- The concentration of restricted constituents in the oil.
- Contributions from all other fragrance ingredients.
- The concentration of the fragrance compound in the finished product.
- Applicable toxicological and exposure assessments.
