DECLARATION

Golden Champaca Flower Absolute has been reviewed with reference to the IFRA Standards issued under the 51st Amendment.

As a Natural Complex Substance, the complete absolute is not assigned a single universal maximum-use concentration in this certificate.

The permitted use level must be determined from:

- The actual batch GC–MS composition.
- The intended IFRA finished-product category.
- The concentration of restricted constituents.
- The residual-solvent profile.
- Contributions from all other fragrance ingredients.
- The concentration of the fragrance compound in the finished product.
- The finished-product toxicological and exposure assessment.
