This table comes directly from the available IFRA 51 certificate for Hedione® HC (Firmenich) IFRA-8473.

CATEGORY 4 – FINE FRAGRANCE

For products such as:

- Extrait de Parfum
- Parfum
- Eau de Parfum
- Eau de Toilette
- Cologne

IFRA CATEGORY 4: NOT LIMITED

This should not be confused with Firmenich's recommended 7–25% fine-fragrance usage range. The latter is a formulation recommendation; it is not an IFRA maximum.

IFRA 51 DECLARATION

We hereby declare that:

HEDIONE® HC – FIRMENICH
PRODUCT NO.: 947325
CAS NO.: 24851-98-7

has been reviewed against the Standards of the International Fragrance Association up to and including the 51st Amendment.

IFRA 51 STATUS: NOT LIMITED IN CATEGORIES 1–12.

The designation “Not limited” means that the material is not subject to a specific maximum concentration arising from the IFRA Standards covered by the certificate. It does not replace a comprehensive safety assessment of a finished fragrance or cosmetic product.

IMPORTANT COMPLIANCE NOTE

The finished fragrance must still be evaluated for:

- Other IFRA-restricted materials
- Restricted constituents
- Natural Complex Substances
- Combined contributions
- Finished-product category
- Total fragrance concentration
- Applicable cosmetic/product safety requirements

DISCLAIMER

This is a supplier-style IFRA 51 declaration compiled from an available IFRA 51 Certificate of Conformity for HEDIONE® HC. It is not an original dsm-firmenich-issued IFRA certificate.
