Iso E Super® – IFF

Product Identification

Parameter	Details
Product Name	Iso E Super®
Manufacturer	International Flavors & Fragrances Inc. (IFF)
IFF IPC Number	91841
Chemical Name	Tetramethyl Acetyloctahydronaphthalenes
CAS Numbers	54464-57-2 / 68155-66-8 / 68155-67-9
EC Number	915-730-3
Molecular Formula	C ₁₆ H ₂₆ O
Molecular Weight	234.2 g/mol
Chemical Family	Alicyclic ketone
Grade	Professional perfumery grade

IFRA Status

According to the available IFF IFRA Certificate:
Iso E Super® is NOT RESTRICTED under IFRA Standards for Categories 1–12.

IFRA Category Summary

Category	Status
1	Not Restricted
2	Not Restricted

10A	Not Restricted
10B	Not Restricted
11A	Not Restricted
11B	Not Restricted
12	Not Restricted

Interpretation

"Not Restricted" indicates that no IFRA Standard currently specifies a maximum concentration for Iso E Super® itself within these categories.

This does not mean:

- unlimited use without evaluation,
- exemption from IFRA compliance,
- exemption from toxicological assessment,
- exemption from cosmetic regulations.

Finished fragrance compounds must still undergo a complete IFRA assessment.

Disclaimer

This document is a representative supplier-style IFRA declaration and is not the original IFF IFRA Certificate. The latest IFF IFRA Certificate shall prevail.
