PRODUCT INFORMATION

Item	Details
Product Name	Juniper Berry Essential Oil CO ₂
Botanical Name	<i>Juniperus communis</i> L.
CAS Numbers	8002-68-4
Product Type	Natural Complex Substance
Applicable Standard	IFRA Standards – 51 st Amendment

IFRA STATUS

Juniper Berry Essential Oil CO₂ Extracted is a Natural Complex Substance (NCS).

At the time of preparation of this certificate, there is no individual IFRA Standard assigning universal category-specific maximum use levels to Juniper Berry Oil (CAS 84603-69-0). Finished fragrance compliance must instead be established by considering any IFRA restrictions applicable to naturally occurring constituents and the complete fragrance formula.

NATURALLY OCCURRING IFRA-RELEVANT CONSTITUENTS

The material may naturally contain:

- α-Pinene
- β-Pinene
- Limonene
- Terpinolene
- Terpinen-4-ol
- α-Terpineol
- Myrcene

A R O M O L O G Y
• Sabinene

The concentration of naturally occurring constituents varies with botanical origin and extraction conditions.

CERTIFICATION

This material may be incorporated into fragrance formulations provided that:

- The complete fragrance complies with the IFRA Standards.
- Naturally occurring restricted constituents are considered where applicable.
- The finished product is evaluated for its intended IFRA Category.
- All applicable IFRA constituent restrictions are respected.

CONCLUSION

No individual IFRA 51 maximum use concentration has been established for Juniper Berry Essential Oil CO₂ Extracted. Finished fragrance evaluation remains the responsibility of the fragrance manufacturer.
