PRODUCT INFORMATION

Item	Details
Product Name	Lemon Myrtle Essential Oil
Botanical Name	<i>Backhousia citriodora</i>
CAS Number	84775-80-4
Alternative CAS Number	8008-98-8
Product Type	Natural Essential Oil
Applicable Standard	IFRA Standards – 51 st Amendment

IFRA STATUS

Lemon Myrtle Essential Oil is classified as a Natural Complex Substance (NCS).

No individual IFRA Standard specifically restricts the essential oil itself. However, naturally occurring restricted constituents must be considered when determining compliance of the finished fragrance. Published IFRA statements identify the principal restricted constituents as:

Restricted Constituent	Typical Maximum Level in Oil
Citral	65–85%
Geraniol	≤6%
Linalool	≤2%

Representative IFRA documentation also provides finished-product maximum use levels calculated from these constituents.

CERTIFICATION

This material may be incorporated into fragrance formulations provided that:

A R O M A T I C S

- The finished fragrance complies with the current IFRA Standards.
- Naturally occurring restricted constituents are included in the safety assessment.
- The applicable IFRA product category is evaluated.
- The manufacturer's current IFRA Conformity Certificate takes precedence.

CONCLUSION

No product-specific IFRA 51 maximum use concentration has been established for Lemon Myrtle Essential Oil as a raw material. Compliance shall be determined from the complete finished fragrance formulation while considering naturally occurring restricted constituents.
