LILYBELLE®

PRODUCT IDENTIFICATION

Parameter	Details
Product Name	Lilybelle®
Manufacturer	Symrise
Symrise Product No.	633687
CAS Number	1378867-81-2
EC Number	700-886-5
Product Type	Fragrance Aroma Chemical
Applicable Framework	IFRA Standards through 51st Amendment

IFRA 51 STATUS

A publicly accessible original Symrise IFRA 51 Certificate of Conformity for Lilybelle® Product No. 633687 was not located during the regulatory review.

Third-party sources currently provide inconsistent information.

One commercial reseller reports: IFRA 51: 0.88%

while other fragrance databases identify Lilybelle generally as IFRA compliant without identifying an authoritative substance-specific numerical limit.

Because the authoritative manufacturer certificate has not been located:

THE 0.88% FIGURE IS NOT DECLARED IN THIS DOCUMENT AS AN OFFICIAL SYMRISE IFRA LIMIT.

IFRA CATEGORY REVIEW

AROMOLOGY

IFRA Category	Regulatory Status
Category 1	Current Symrise IFRA certificate required
Category 2	Current Symrise IFRA certificate required
Category 3	Current Symrise IFRA certificate required
Category 4	Current Symrise IFRA certificate required
Category 5A	Current Symrise IFRA certificate required
Category 5B	Current Symrise IFRA certificate required
Category 5C	Current Symrise IFRA certificate required
Category 5D	Current Symrise IFRA certificate required
Category 6	Current Symrise IFRA certificate required
Category 7A	Current Symrise IFRA certificate required
Category 7B	Current Symrise IFRA certificate required
Category 8	Current Symrise IFRA certificate required
Category 9	Current Symrise IFRA certificate required
Category 10A	Current Symrise IFRA certificate required
Category 10B	Current Symrise IFRA certificate required
Category 11A	Current Symrise IFRA certificate required
Category 11B	Current Symrise IFRA certificate required
Category 12	Current Symrise IFRA certificate required

REPORTED THIRD-PARTY VALUE

For reference only:

Source Type	Reported Value
Third-party reseller	0.88% – IFRA 51

IMPORTANT: This value should not be placed in a customer-facing Symrise IFRA Certificate as a manufacturer-approved maximum unless confirmed against current original Symrise documentation.

SYMRISE PERFUMERY GUIDANCE

Representative recommended formulation level: 0.1–5%

This is an: OLFACTIVE / PERFUMERY RECOMMENDATION

and is not equivalent to an IFRA maximum concentration.

SKIN SENSITISATION CONSIDERATION

Safety documentation for Lilybelle identifies:

AROMOL O G Y

H317 – May cause an allergic skin reaction

and classifies the substance as a skin sensitiser.

This is relevant to fragrance safety assessment but does not by itself establish the final IFRA category percentages.

COMPLETE FORMULATION REQUIREMENT

Final IFRA conformity must consider:

1. Lilybelle concentration
 2. Applicable finished-product category
 3. Fragrance dosage in the finished consumer product
 4. All other restricted fragrance ingredients
 5. Restricted constituents from natural materials
 6. Cumulative exposure from the complete fragrance formula
 7. Current IFRA Standards
 8. Current manufacturer regulatory documentation
-

FINE FRAGRANCE

For:

- Parfum
- Extrait de Parfum
- Eau de Parfum
- Eau de Toilette
- Cologne

the applicable Lilybelle maximum should be taken from the current original Symrise IFRA Certificate applicable to Product No. 633687.

The third-party 0.88% figure should not be treated as confirmed Category 4 data without manufacturer documentation.

FORMAL DECLARATION

LILYBELLE® – SYMRISE
PRODUCT NO. 633687
CAS 1378867-81-2

is intended for professional fragrance formulation.

A R O M O L O G Y

Current publicly accessible sources do not provide sufficiently authoritative evidence to reproduce a complete official Symrise IFRA 51 Category 1–12 numerical table.

Therefore:

FINAL IFRA 51 CATEGORY LIMITS SHALL BE TAKEN FROM THE CURRENT ORIGINAL SYMRISE CERTIFICATE OF CONFORMITY.

DISCLAIMER

This is a supplier-style IFRA 51 regulatory declaration.

It is not an original Symrise-issued IFRA Certificate of Conformity.

No unverified third-party numerical category limits have been represented as official Symrise values. Where the current original Symrise regulatory certificate is available, that document shall prevail.
