PRODUCT IDENTIFICATION

Item	Details
Product	Orris Butter
Botanical Name	<i>Iris pallida</i> Lam.
CAS Number	8002-73-1
EC Number	289-955-4
Product Type	Natural Complex Substance (NCS)
IFRA Version	51st Amendment

IFRA STATUS

Orris Butter 18% Irones is a Natural Complex Substance (NCS) obtained by steam distillation and concentration of aged *Iris pallida* rhizomes.

No individual IFRA Standard establishes a universal maximum use concentration specifically for Orris Butter.

Compliance with the IFRA 51st Amendment must therefore be established from:

- Batch composition
- Naturally occurring restricted constituents
- Finished fragrance concentration
- Applicable IFRA Product Category
- Overall contribution from all fragrance ingredients

Biolandes provides IFRA certificates for its commercial orris butter grades, reflecting constituent-based finished-product compliance rather than a single unrestricted raw-material use level.

AROMOLOGY

Representative Naturally Occurring Constituents

Constituent	Status
α -Irone	Principal constituent
β -Irone	Principal constituent
γ -Irone	Naturally occurring
Fatty Acid Esters	Naturally occurring
Long-chain Hydrocarbons	Naturally occurring

IFRA CATEGORY STATUS

IFRA Product Categories	Status
Categories 1–12	Subject to constituent-based IFRA evaluation

DECLARATION

Aromology Trading LLC declares that:

- Orris Butter 18% Irones is a Natural Complex Substance.
 - No dedicated IFRA restriction has been identified specifically for Orris Butter.
 - Compliance with IFRA 51 must be determined from the complete fragrance formula and batch-specific composition.
 - Batch GC/MS analysis should be used where available.
