“Not Limited” means no ingredient-specific IFRA limit was identified. It does not mean that the finished formulation is automatically safe at 100%.

Finished-Fragrance Compliance Requirements

The responsible formulator must still evaluate:

1. The percentage of Peach Pure in the fragrance compound.
2. The percentage of the fragrance compound in the finished product.
3. All other IFRA-restricted materials in the formula.
4. Restricted impurities or stabilisers, where present.
5. The correct IFRA finished-product category.
6. The overall toxicological and cosmetic safety assessment.
7. Any regional legal restrictions beyond IFRA.

Declaration

Based on the publicly available IFRA information:

A R O M O L O G Y

- Peach Pure / Gamma-Undecalactone is not subject to an identified ingredient-specific IFRA restriction under the 51st Amendment.
- The material may be used according to Good Manufacturing Practice.
- Final IFRA compliance must be established using the complete fragrance formulation.
- This declaration does not replace the original Givaudan IFRA statement.
- The fragrance manufacturer remains responsible for the safety and conformity of the finished consumer product.
