Parameter	Details
Product	Peppermint Essential Oil
Botanical Name	<i>Mentha × piperita</i> L.
INCI	Mentha Piperita Oil
CAS Number	8006-90-4
Alternative CAS	84082-70-2
Product Type	Natural Complex Substance

IFRA STATUS

Peppermint Essential Oil is a Natural Complex Substance (NCS) obtained by steam distillation of the aerial parts of *Mentha × piperita*.

Under the IFRA 51st Amendment:

- Peppermint Essential Oil is not subject to a standalone IFRA prohibition or universal concentration limit.
- Compliance is determined by:
 - The intended IFRA product category.
 - The concentration of naturally occurring restricted constituents (where applicable).
 - The complete fragrance formulation.
 - Batch-specific analytical composition.

The IFRA Fragrance Ingredient Glossary lists Peppermint Oil (CAS 8006-90-4) as a recognised fragrance ingredient.
