PRODUCT INFORMATION

Parameter	Details
Product	Pomelo Peel Essential Oil
Botanical Name	<i>Citrus maxima</i> (Burm.) Merr.
Plant Part	Fruit Peel
CAS Number	8016-20-4
EC Number	289-904-6
Product Type	Natural Complex Substance

IFRA STATUS

Pomelo Peel Essential Oil is a Natural Complex Substance (NCS).

- No individual IFRA Standard specifically prohibits Pomelo Peel Essential Oil.
- Compliance is determined from the concentration of naturally occurring IFRA-restricted constituents (such as limonene oxidation products and other regulated constituents where applicable) together with the finished fragrance formulation.
- Batch-specific GC/MS analysis should always be used for final IFRA calculations.

REPRESENTATIVE NATURAL CONSTITUENTS

- d-Limonene
- β -Myrcene
- Linalool
- Neral
- α -Pinene
- β -Pinene
- α -Phellandrene

IFRA CATEGORY ASSESSMENT

A R O M O L O G Y

A universal maximum use level cannot be assigned for this Natural Complex Substance.

For all IFRA Categories (1–12), the maximum permitted concentration shall be calculated from the batch-specific concentration of IFRA-restricted constituents and the complete finished fragrance formulation.

DECLARATION

Based on the information available, Pomelo Peel Essential Oil is not prohibited under the IFRA Standards, 51st Amendment, provided that:

- batch-specific analytical data are used;
- all naturally occurring restricted constituents are considered;
- the finished product complies with the applicable IFRA Category; and
- the complete fragrance formulation has undergone an appropriate safety assessment.

DISCLAIMER

This certificate applies only to the raw material identified above and does not constitute approval of a finished cosmetic or fragrance product.
