Declaration

This certificate confirms that Shikuwasa Essential Oil Premium – Okinawa is supplied as a natural perfumery raw material intended for use in fragrance compounds.

Shikuwasa Essential Oil is obtained by the cold expression of the peel of *Citrus depressa* Hayata, a citrus species indigenous to Okinawa, Japan. The oil is composed predominantly of d-limonene, together with naturally occurring monoterpenes, sesquiterpenes, aldehydes, and oxygenated compounds characteristic of citrus peel oils.

Under the IFRA Standards (51st Amendment), Shikuwasa Essential Oil is not specifically prohibited or restricted as an individual raw material. However, as a citrus essential oil, it naturally contains constituents that are individually regulated under IFRA and cosmetic legislation.

Accordingly, this material may be used in fragrance compounds provided that the finished fragrance complies with the applicable IFRA Standard for the intended product category, taking into account the concentrations of naturally occurring restricted constituents.
