Declaration

This certificate confirms that Sinensal Natural is supplied as a natural perfumery raw material intended for use in fragrance compounds.

Sinensal Natural is a concentrated natural fraction isolated from Sweet Orange Essential Oil (*Citrus sinensis*), composed predominantly of naturally occurring α -Sinensal and β -Sinensal, together with trace citrus constituents.

Based on the IFRA Standards (51st Amendment) and currently available regulatory information, Sinensal Natural is not specifically prohibited or restricted as an individual raw material.

Its use is therefore permitted provided that the finished fragrance complies with the applicable IFRA Standards for the intended product category, including restrictions relating to naturally occurring constituents that may be present in citrus-derived materials (such as limonene, citral, linalool and other naturally occurring constituents where applicable).
