Declaration

Tobacco Absolute (West Africa) is obtained by solvent extraction of cured leaves of *Nicotiana tabacum* cultivated in West Africa. The material is intended for incorporation into fragrance compounds and provides rich tobacco, hay, leather, honey and smoky notes with excellent fixative properties.

According to the IFRA Standards (51st Amendment), Tobacco Absolute (West Africa) is not specifically prohibited or restricted as an individual fragrance ingredient. The finished fragrance must comply with the applicable IFRA Product Category requirements together with any naturally occurring regulated constituents.

Naturally Occurring IFRA-Relevant Constituents

- Nicotine
- β -Damascenone
- Megastigmatrienones
- Solanone
- Neophytadiene
