Declaration

We hereby certify that Wild Peru Balsam Essential Oil conforms to the principles of the International Fragrance Association (IFRA) Code of Practice – 51st Amendment.

Peru Balsam Oil contains naturally occurring constituents including benzyl benzoate, benzyl cinnamate, cinnamic acid derivatives, farnesol and other allergenic compounds. The material is subject to applicable IFRA Standards relating to naturally occurring restricted substances. It shall be used only in accordance with IFRA 51st Amendment and Good Manufacturing Practice (GMP). The finished fragrance formulation must be evaluated for compliance with all current IFRA requirements.

IFRA Recommendation

| | |
|-----------------|---|
| IFRA Category | Maximum Use Level |
| Categories 1–12 | Use in accordance with current IFRA Standards and Good Manufacturing Practice (GMP). No universal concentration limit applies to the raw material; restrictions are determined by the finished fragrance composition. |

Important Note

This certificate applies only to the raw material supplied by Aromology Trading LLC. Compliance of the finished fragrance formulation with the latest IFRA Standards remains the responsibility of the manufacturer.
